Welcome to St Benet's Court

“Rediscover your va-va-voom”

At St Benets Court, we understand that as we age, our body might not be able to keep up with our minds and it might be harder to stand or walk or do things for yourself that used to be easy.

“After caring for dad in his old age, I want my care homes to be the kind of place I’d happily have had him stay. This guides every decision we make at St Benet’s Court”

Paul Nery, Managing Director

St Benets Court was set up to provide for people who specifically need that little extra support, especially due to physically limiting conditions. Our fully trained staff are kind, patient and caring. They will work with you to rediscover your independence. We provide a range of specialist equipment and technology too, that helps residents live an enriching life.

With our “Mind Body and Soul” activities programme, we aim to reduce the progression of some of these physical conditions. We help maintain people’s connections to the outside world and their loved ones. After all, family and friends are some of the most important treasures in our lives.

The manager and your key worker will work with you, your family and other professionals to meet any goals you may have. Whether it’s about feeling safe and independent, getting aspects of your mobility back, or improving the social aspect of your life - all of our residents are important to us and we want to help you to live the life you want, in the way you want. Whatever your goal, we will be there for you.

Offering a sense of community, enrichment, and friendships, our tailored care packages work with your lifestyle, placing it at the very heart of your support.

We hope to see you join us at St Benets Court

“...What can I say that isn't anything other than positive about the staff at St Benets. They are a second family to mum, patient, kind and know how to jolly her along when she has a down day. Mum has always taken pride in her appearance, and care staff spend time helping her co-ordinate scarves with jumpers so she always looks smart.”

“In the last 5 years, the standard of care, support given to the residents is of an impeccable standard. The home is high quality everywhere, nicely decorated and immaculately clean. A lovely manager of this home has so much compassion for the staff and residents, she makes the home complete.”

“Whenever you walk into the home, you are always welcomed by everybody. If family or friends visited from a long way off, a tray of tea or coffee was always brought up to my mother's room. If I was ever concerned about my mother's health and I spoke to staff, they always knew when she was not well.”

What do we offer?

A manager and staff who care for you like family

"If I cannot live in my own home, St Benets is the next best place t to be. Attention from managers and day carers are excellent."

- **St Benet's Resident**

Our training and the values we imbue into our staff is something very unique to St Benet's Court and regularly praised by the Care Quality Commission and all visitors to St Benet's Court.

You'll find all our staff are professional, attentive, passionate and very kind; And while we treat care as our professional duty – we encourage a unique sense of family, fun and banter between our staff and residents.

We invest heavily in in-house and external training – with programmes based on the Social Care Institute of Excellence.

Close relationships are important and that's why every resident has a Key Care Assistant assigned to them (and never more than 4 residents per Care Assistant). This means that every week they can have a proper catch-up with you and make sure your every need is being met.

This is also why, unlike other homes, there's no staff room and why we encourage our staff to join in on activities. We want our Care Assistants to mix at all times.

Our managers too are key to the service and they meet with every resident weekly and do at least one shift on the care floor every week to make sure they stay close to the care.

A Partnership with Family and Friends

Many family members worry about their loved one moving into a home because they feel they won't see them as much or be as involved in their lives.

We are here to help with that anxiety. We see care as being a partnership between you, the Home and Family, so we make every effort to involve your Family as part of

a three-way process in your care.

Your family members are given plenty of opportunities to take part your care and are always welcome. They of course are always welcome to drop by whenever, receive regular updates with staff and management and even attend private appointments with our staff regarding your care. Either a phone in your room or access to the home's phone is available and we can organise video calls and regular get-togethers too. Our aim is to make sure you never feel out of touch.

A vibrant place to be, with a range of activities

Although many residents who join us are initially shy, they quickly rise to discover a renewed energy.

We achieve this by not just ensuring a vibrant atmosphere, but training our care staff in how to support our residents to join in.

We consider activities not just the business of our Activities Coordinator. Our Care Assistants also spend valuable one-to-one time with residents – playing games, joining on outings or just having a chat.

We invest heavily to ensure the days fly by and make sure you're never lonely. We do this through regular activities, partnerships with local societies and our residents' own social clubs.

Scheduled activities are held twice a day such as visits from the local pre-school, music afternoons, bingo, quizzes, animal therapy, light exercise sessions and live music entertainment. We also organise special outings to cafés, shops and restaurants around the area.

We maintain strong links with the local community and our residents are often invited to charity and local church events.

There is a vibrant resident-run social community in St Benet's Court too, with a range of activities that vary based on who is living at the home. We actively encourage everyone's contributions and have a knitting club and puzzles club at the home.

Living with purpose

While some of our residents join and just want a place where they can be safe and enjoy the amenities, many benefit from our Living with Purpose scheme.

Through this, we organise fundraising events for charities or local concerns and support our residents to contribute to the things that matter to them.

A traditional menu with new experiences

"I loved the lamb samosas on Tasty Tuesday last week. It's not something I'd usually go for and I've never had them before now. I always look forward to new experiences on Tuesdays and Fridays"

St Benet's Court Resident

Food is one of life's pleasures.

As such, our menus include a combination of traditional and non-traditional dishes designed to satisfy all tastes, home-cooked with nutritious ingredients that are delivered twice each week.

If you like a tippie, red and white wine is available to pair with your meal

“...if there’s something you’ve always wanted to try, just ask...”

We have also developed Tasty Tuesdays and Fun Fridays, where residents can sample dishes from around the world that they may not have otherwise tried, such as mini-Mexican tacos, Indian Lamb Samosas or Chinese Crispy Won Tons.

We provide these as sample dishes rather than main meals and often find our residents discover new foods they never knew they liked. The most popular ones find their way onto our main menu

If there’s something you’ve always wanted to try, just ask!

Joining us at St Benet’s Court

We offer three ways for you to join us:

- ❖ Permanent placements
- ❖ Day care services / short-visits
- ❖ Respite care

Permanent placements are the main service we offer. We always suggest that new residents join us on a one month trial period before taking permanent residency, to ensure the home is right for you. During the trial period, if things aren’t working out (though we hope they will), you can terminate the contract with just a week’s notice.

Day care and short visits are available, space permitting. This is often preferred by those looking to get to know the home or if they just would like to do something different. **Day care residents** have access to the standard daytime services provided by the home (such as daily activities, meals, outings, washing facilities, assisted bathing and other personal care services), though they do not stay overnight.

Respite care is also available if there is an empty room. Respite care is a form of care, equivalent to that received by ‘Permanent Residents’, though where the resident is expected to only stay for a short duration.

Contact us

St Benet's Court is registered with the Care Quality Commission to provide care for adults over the age of 65 in the regulated activity of: *Accommodation for persons who require personal care*

While our service primarily supports individuals aged 65 and over, we may also accommodate individuals under 65 where their care needs, lifestyle preferences, and well-being can be appropriately met within our setting. Each case will be assessed on an individual basis to ensure that the home is suitable for their physical, emotional, and social needs.

EXTRA INFORMATION

When you move in: Helping our new residents to feel special, settle and mingle

For us, joining us isn't just about receiving care, it's about joining a small and special family. We make all our residents feel special – because you are special.

When you move in, you'll be welcomed with flowers and a welcome card in your room.

After a meeting with the manager and the Senior Care Assistant, you'll then be introduced to your chaperone for the day – a named Carer who will take care of you for all your needs until you settle in well – be it for meal times, activities or anything else.

When you first join, we buddy you up with other selected residents who have similar interests and to join in on everything happening in the home and hopefully form new friendships

We also offer a special laundry tagging service to stop those pesky incidents of laundry going missing that happens in other services. Because the last thing you want to worry about is running out of tops in your first week!

All communal space benefits from CCTV to ensure the safety of the residents.

Once you're settled: A day in our lives

No two days are ever the same, but here might be a typical day for one of our residents

- 8.00** Wake up
- 8.15** A carer helps the resident to get washed and dressed ready for the day
- 8.40** The Kitchen Porter arrives with breakfast, juice and tea and their morning paper
- 10.15** Carer invites the resident to the lounge for morning activities
- 10.35** The Kitchen Porter serves tea and biscuits in the lounge while the resident enjoys the morning activity such as a game of morning quiz and armchair bowls
- 12.00** Lunch time and something special from the Taster-menu *
- 2.00** A brief nap before the afternoon events
- 2.30** Free time where residents can enjoy the Knitting club or supporting a fundraising event
- 3.15** A stroll in the secret garden or trip to the shops
- 3.30** Our afternoon activity such as outside musical entertainment and sing-a-long of songs from the 50s and 60s
Teas, biscuits and home-made cake served in the lounge
- 5.00** Supper and catch-up with friends
- 6.30** Watching some evening TV or reading in the lounge
- Bed** Resident goes to sleep

Space for questions

When you come to St Benet's Court, we'll take you on a tour of the building. We imagine you may have many questions. So we've provided this blank page where you can take down any thoughts or questions you may have about us.

"Our goal is to treat our residents exactly as how I'd want my mother or father to be treated"

Paul Nery, Owner

"Since going to St Benet's, [my mother] is far better both mentally and physically than when living at home. This is a tribute to the quality of care given to her by all members of staff"

Resident Relative

"In the last 5 years, the care and support given to the residents is of an impeccable standard"
